**DR. AVANI'S FOREWORD FOR STARTING  
MASTER'S DIPLOMA IN HEALING STUDIES**

Hi everyone,

I have come a long way from being a theatre personality, to becoming a healer. I have enjoyed both the fields and learnt the fullest from everywhere. In the healing field, I met amazing people and learnt various modalities. I always say that "No modality ever has a shortcoming. It depends on the healer; how they perceive, use and present it". The only way around to learn was to invest a good amount of money to different people at different places. That did leave me confused with multi schooling morals.

Eventually, I found a need to get organized and systematic with the flow of my working style, striking the correct balance with money and even the legalities needed to be in place. I knew no person who made a business out of spirituality and so I had to learn this on my own. By god's grace I am a fast learner and now I have that much that I can spread this around.

This is the course that gives you the insight of no investment to low investment, working from home, working at your own pace, being an entrepreneur, helping others yet earning good money, practicing like an organized doctor. The best part is that you not only get the money but also the love, faith and blessings of others.

The Masters Diploma will surely make you a leader not a follower I

Welcome to the family of Infinite Healing®.

-Dr. Avanii Rajadhyaksha, Ph.D. (UK), M.D (A.M).

## DR. AVANII'S FOREWORD FOR THE HONORARY DOCTORATE

When I started Studying Healing, there was nothing known as “Healing Studies”, even now there are not many institutes where Healing is taught in a proper and organized way. Alternative Medicines is the only course that could have been considered close to healing studies and was available in India, which I have a M.D in. That is why I decided to conduct an organized course, I took my time, it took me almost 6 months to design this Master Diploma as it is such a big course, I took care of all the legalities and everything but I could only reach till diplomas. That’s why I started approaching various Universities in India for affiliations, then Covid happened, and even after that I wasn’t much sure about the responses I was getting. Then I had an idea of approaching International Universities for honorary doctorates, in a right way through right channels. Various International Universities reached out to us but most of them only had a virtual presence, then Kennedy University (Paris, France ) and CCU University (Delaware, USA). These Universities were giving Doctorates in many categories and actually had a physical campus not only a virtual presence. They were generous enough to include Healing Studies for the Ph.D.’s. They incorporated two categories for me “Healing Studies” and “Spiritual Theorems”. Spiritual Theorems is registered to my name, so them including it was on my allowance, and for the first time ever the category for the Healing Studies has been created on the recommendation of Infinite Healing ®. I am still planning on Affiliating with more institutions and introducing numerous opportunities for my students.

-Dr. Avanii Rajadhyaksha, Ph.D. (UK), M.D (A.M).

## THE HONORARY DOCTORATE AND ITS BENEFITS

Honorary Doctorate degree is a non-academic degree, awarded by universities or other degree-awarding institution. It is also known by the Latin phrase 'honoris causa'. An honorary doctorate is a way to add credibility and distinction to the speaker without requiring them to go through the process of getting their PhD. This distinguished degree is being provided through Infinite Healing® to the students who successfully complete the 'one of a kind' Master Diploma in healing studies. After the completion of the Master Diploma and successful application to one of the universities we, Infinite Healing® are affiliated with, the applicant will receive the doctorate in Healing studies and will hold the authority to officially use the title - Doctor (Dr.) with suffix or prefix of Hon./HC. Historically, an honorary doctor (or honorary doctor causa) receives the same treatment and privileges as those who have obtained an academic doctorate from standard process.

We can proudly claim that Infinite Healing® is one of the first healing institute ever to provide an Honorary Doctorate in Healing Studies/Spiritual Theorems™.

Honorary doctorate benefits include:

PROFESSIONAL CREDIBILITY  
OPPORTUNITIES FOR PROFESSIONAL GROWTH  
INTERNATIONAL CREDIBILITY  
EASIER TO RECEIVE LOANS/GRANTS

## DIPLOMA IN SPIRITUAL THEOREMS (TREYYA)

'Treyya' is derived from the Sanskrit word 'Tri'. Why 'Tri' and what is its significance will be taught in detail in the Professional healer course. The modality was downloaded to Dr. Avanii while healing a client for a speedy recovery . Dr. Avanii realised that the benefits of this new modality are amazing and speedy. This is now registered on the name of Dr. Avanii. She always wanted to find a way where every student and healer could come to the same conclusion and heal in similar yet organised way. She then developed something known as 'Spiritual Theorms' and 'Spiritual Declarations' which are the core of Treyya™ healing. By this formulation all the students come to the same conclusion like in maths. We proudly call it 'Spiritual pathology', 'Spiritual solutions and Spiritual pharmacy' for the layman. Dr. Avanii has a vision of providing painless healings for the human body and mind. 'Treyya™' is the first step to it.

## TESTIMONIAL

HR. HEERA JAIN

BBI

I COME FROM A hardcore Marwadi Jain background, very traditional. When I said I want to be a 'healer' they just kept on looking at me with wide eyes open. They only wanted to know "Agar Shaadi ke liye rishta aaye toh kya kahein, ladki kya karti hai?" I felt scattered. I could not deal with my own energies. Then miraculously I was guided to meet Dr. Avani Rajadhyaksha for my own issues, where I came to know exactly what is my life purpose. While I was just thinking of how to walk on my life purpose I come to know that Dr. Avani was planning to announce the Professional Healer course. It sounded like a miracle to me. Because I always wanted to do something like this. So with all the turmoil in me I joined the Professional Healer course and this decision proved to be one of my best decisions in life. Professional Healer course not only consolidated my knowledge but also added a whole new dimension to my skills. It changed my attitude towards my work, my life and myself effortlessly to help me out create myself each day. "Ask and it is done. Your duty is to just receive." - Professional Healer course my parents are now proud of me and as Dr. Avani says, "One person gets spiritual in the family, the whole family benefits of it.". I am actually experiencing this. I am blessed!
